

# WARRIOR KIDS & WARRIOR JUNIORS

## Ages 4 to 6 years

The Warrior Kids program focuses on improving your child's listening and motor skills. Our classes are fast paced, fun filled, educational and motivational. Our Warrior Kids love martial arts and parents love watching their kids learn and grow in a positive, well-disciplined and encouraging atmosphere. There are eight major skills our instructors focus on when training children four and up, those skills being: **Focus, Control, Balance, Teamwork, Memory, Discipline, Coordination and Fitness.**

## Ages 7 to 11 years

The Warrior Juniors class takes into account the changes in learning and development with the focus more on specific martial arts techniques as well as fitness and functional movement alongside improved concentration and self-confidence as the students approach those all-important teenage years!

## How it works:

Our rolling curriculum allows a child starting at any time of the year, to achieve within approximately 24 months, a good basic understanding of body mechanics and martial arts movements and techniques. Alongside this our curriculum teaches a variety of life and safety skills to our Warriors making them safer and more confident individuals. At the end of each term we have a graduation ceremony where certificates for life/safety skills and coloured sash promotions are awarded.
